Inventive | Team Management | Self-reliance

EDUCATIONAL BACKGROUND

BTECH	Government College of Engineering, Karad	9.17
HSC	Shardabai Pawar Vidyaniketan Jr. College, Baramati.(State Board of Maharashtra)	87.85%
SSC	Vidyadham High-School, Kanhur Mesai.(State board of Maharashtra)	93.60%

PROJECTS

Innovation problem:- Oxygen Saving	In hospitals when a patient is not inhaling using artificial oxygen or even not using an oxygen mask for some other work, we can stop the loss of oxygen as flow of oxygen is stopped automatically using the principle of e-cigarette, air valve and light sensor.
Auto-Attendance App	Any organization has its specific location, which is fixed on the GPS. The student's/employee's location is the key to the attendance management. For real-time tracking of the students/employees, GPS technology is used.
BookStack	Library Management Project to manage Libraries in schools and colleges, which is secure and efficient to handle.
Career-Connect	Our team has built an integrated website for students and Companies for placement of students on their skills. By this website students didn't need to apply for jobs at many companies.
Real estate Price Prediction	By analyzing data using machine learning algorithms I created a project which predicts the price of Real estate. Certificate

POSITIONS OF RESPONSIBILITY

- ISTE Student Secretary GCEKarad
- Lead the Technovation (Technical event of IT Department) under Aavishkar 2023.
- ITSA Technical Events Head
- Finance and Documentation Head, Defence Club GCEKarad
- Public and Relationship Head, AlphaGeeks GCEKarad
- Co-Ordinator Page Portal, GCEKarad

CERTIFICATIONS

- [Machine Learning](#) (May,2021)
